### Child Safeguarding Policy

CUFOS is a volunteer-run community centre whose rooms are hired by groups, parties, and individuals. No CUFOS volunteers come into direct contact with children. Each hirer is responsible for proper safeguarding of children and must sign a clause on their CUFOS booking forms stipulating their personal responsibility for the safeguarding of children and vulnerable young adults attending their sessions, parties, or special events.

The clause on booking forms for parties and special events reads:

*I understand that the safeguarding of children and vulnerable young adults attending my event is my personal responsibility.*

(Signature)

The clause on booking forms for regular CUFOS hirers reads:

*I understand that the safeguarding of children and vulnerable young adults is the responsibility of each individual hiring group and will follow the group's internal protocol.*
